

### Eating Utensils

Includes chopsticks, rice bowls and (non-edible) "food" for 30 to practice using chopsticks, plus collections of intriguing and entertaining information on the three styles of eating utensils most widely used in the world today: Western utensils, Chopsticks, and the Hand. Manners and etiquette from culture to culture, cultural misunderstandings, customs and history are all covered in an entertaining and engaging fashion. Also includes examples of different styles of chopsticks, Asian spoons, and for context, standard American utensils along with CMLC Info Cards detailing their cultural history, maps and relevant children's books.

Highlights: Includes a plastic model of a *Right* hand, but no *Left* hand – why?

Appropriate for K-12 through Adult

This Culture Exploration Kit made possible by generous donations from: Many Hands Trading LLC, OSU Folk Club Thrift Shop, Lucy Daumen, CMLC Volunteers & Donors

Additional materials you might like to provide: Real practice foods for chopsticks such as baby carrots and cheese cubes, flatbread & dip for “right hand only” practice eating.
