# Supporting as a Seller

eBay for Charity partnered with the PayPal Giving Fund to make it easy for sellers to donate some or all of the proceeds from eBay listings to their favorite charities.

Sellers have two options when listing items to benefit charities on eBay:

**Community Selling:** Donate up to 100% of your final sales price to support your chosen charities. You can customize the donation percentage and the charity you want to support for each individual listing. The minimum donation amount is 10% or \$1 (or 1% for eBay Motors listings).

**Direct Selling:** You can associate an eBay username with a specific charity. All sales associated with this username are considered direct selling for the charity, and 100% of selling proceeds will benefit that named nonprofit.
